You can make a whole day of the Montevideo Stage. Set yourself up under the trees and watch the cars come through here three times from 08h50 until 15h00.

In between the stages there will be motorcross bikes performing tricks and jumps and New Holland will have a display of earth moving equipment on show. There will be full catering and toilets available.

The final stage of the day will be a Power Stage, where we reverse the field and the slowest cars start first and the rally leaders come at the end. They will be competing for the fastest time in this stage and also the longest jump on the specially made jump in front of you. The quickest cars and longest jumper will wait at the end of the stage until the end when they will be awarded prizes by donated by New Holland.

**Warning – Motorsport is dangerous**  
In view of the high speeds attained by the competitors, accidents can happen. The promoters and organizers of this Rally competition cannot guarantee your safety. You are present at your own risk.
